

My client is a successful multinational company with more than 60 offices in over 40 countries around the world. The headquarter is based in the city of Zurich. Professionalism, client focus and highly motivated people are success keys for the leading position in its business. Originally founded more than 50 years ago the group has now a global workforce of almost 2'000 people.

We are looking for a motivated, internationally minded and committed

ERP Systems Manager

Agresso Business World

You will take a leading role in the roll out of Agresso Business World in more than 30 countries around the world. This will be your main activity in the first two years. After that you will be responsible for implementing upgrades, system testing of new versions and new functionalities, development and maintenance of report, browsers, ARC and excelerator, developing and building interfaces as required, 2nd line support for issues logged, liaising with Unit 4 on issues logged, maintaining system documentation etc. You will travel to the offices in support of the global roll out.

We are looking for a communicative and open-minded person with solid working experience with ERP systems, preferably ABW, especially Project Costing and Billing. You are fluent in English and preferably in German, too. You are willing to travel to different countries. The first one to two months you will be in London for training reasons.

Please send your application by E-Mail to Matthias Brägger or call him for more information.
